

High EQ Communication with Empathy (Exploring with Virtual Reality)

Target Audience

HR managers, Trainers, Coaches, Learning & Development professionals

Program Objective

This program simulates real-life situations that require participants to stay calm and communicate effectively under time pressure. Empathy and great listening skills are essential to communicate efficiently, and master the technical tools to achieve the given missions. Each team has to utilize the strengths and potentials of every member to plan, execute, and manage crisis throughout the program.

Program Content

By coaching each other to achieve the goals, participants will have a chance to give and receive feedback with empathy, which is essential not only in the workplace but also in their day-to-day activities. In addition, our programs bring out the importance of radical collaboration, sharing experiences, and high EQ communication for reconnecting people.
