

## Inno Space STEM Network - STEM Talent Scheme

### Leverage STEM Education Resources to Empower Your Students!

Hong Kong Productivity Council (HKPC) Inno Space is committed to be the STEM and Innovation Hub in Hong Kong through building a community of STEM educators, schools, universities, startups, makers, and designer. We are launching the **STEM School Talent Scheme (STS)** as a comprehensive solution package for local primary and secondary schools with support in STEM education, industry exposure of cutting-edge technologies, design and prototype workshops, as well as advisory and support to schools.

Located on the 1/F and LG1 of the HKPC Building, Inno Space occupies an approximate 8,000 sq.ft. and is comprised of three areas: Inno Network, Inno Idea and Inno Prototype. Inno Space offers a variety of facilities and services to its members, including but not limited to prototyping equipment, event space, workshops and seminars.
