Course Description

The 2-day Professional Scrum Master course covers the principles and (empirical) process theory underpinning the Scrum framework, and the role of the Scrum Master. This course is a combination of instruction and team-based exercises, and teaches what is at the heart of the Scrum and Agile movement.

PSM is the cutting-edge course for effective Scrum Masters and for anyone coaching a software development team toward increased efficiency and effectiveness. The course includes advanced thinking for servant-leadership and behavioral shifts.

Throughout the course, students are challenged to think in terms of the Scrum principles to better understand what to do when returning to the workplace.

This course is an approved Reindustrialisation and Technology Training Programme (RTTP), which offers up to 2/3 course fee reimbursement upon successful applications. For details: https://rttp.vtc.edu.hk.
