

Seminar on “Novel Tooling and Engineering Products Materials and Advanced Machining Technologies”

嶄新模具及工程產品材料與先進加工技術研討會

The coming seminar on “Tooling and Engineering Products Materials and Advanced Machining Technologies” which will be organised on 13 September 2021 is the event of “Quantum Leap for Metals Industries - Adopt Novel Materials and Critical Processing Technologies” Series. The seminar will introduce novel tooling and engineering products materials as well as the advanced machining technologies. Case sharing and analysis will be provided for participants to illustrate the cost effectiveness, advantages and limitations of the subject material and its technologies in different industries, leading the brand-new development of local industry and exploring market opportunities.

即將於9月13日舉辦的「嶄新模具及工程產品材料與先進加工技術研討會」，是「金屬工業飛躍 - 採納嶄新材料及關鍵加工技術」系列的活動。今次研討會旨在向業界展示嶄新模具及工程產品材料與其相關技術的使用訣竅和壓鑄參數優化，並提供案例分享與分析，讓與會者了解這組材料和技術在不同行業的投資成本效益、優勢和限制，引領本地工業探索新方向。

Date and time 日期及時間	13 September 2021 (9:30am-12:30pm) 2021年9月13日 (上午9時30分至12時30分)
Venue 地點	Live Broadcast in HKPC Building and Online 生產力大樓及網上同步直播  Participants attending the event in HKPC Building will be arranged to visit the advanced technologies and facilities of HKPC after the event 報名於生產力大樓參與當日直播研討會的參加者可於會後參觀生產力局最新金屬技術及設施
Medium 語言	Putonghua 普通話
Fee 費用	HK\$ 100
Target Audience 目標觀眾	Those with interest in Tooling and Engineering Products Materials & Machining Technologies 對鑄錠材料及壓鑄技術有興趣人士

Speaker 講者

Dr Rong FAN
范蓉博士

Lecturer
Dalian University of
Technology, China
大連理工大學
講師

Dr Jerry SUN

Rundown活動流程

Time 時間	Rundown/Topic 流程/主題	GOH / Speaker 主禮嘉賓 / 講者
09:15 – 09:30	Webinar & On-site Registration 網上及現場登記	
09:30 – 10:25	Tooling and Engineering Steels for Rapid Machining 快速加工用工具鋼和工程鋼	Dr Rong FAN Lecturer Dalian University of Technology, China 范蓉 博士 大連理工大學講師
10:25– 11:20	Advanced Technologies for High Precision Machining 高精度加工先進技術	Dr Jerry SUN CEO Within Tech Ltd., China 孫晶瑩 博士 維士因科技有限公司總經理
11:20 – 11:35	Tea Break 小休	
11:35 – 12:30	Ceramics Applications in Tooling/Engineering Products Manufacturing and Machining Technologies 陶瓷材料在工裝/工程產品製造和加工技術中的應用	Dr Weiming GUO Associate Professor Guangdong University of Technology, China 郭偉明 博士 中國廣東工業大學副教授
12:30	End of Seminar 研討會結束
