

ISO/IEC 27005 Lead Risk Manager

CONNECTION TECHNOLOGY 裝備未來
FUTURE SKILLS

Course Fee: HK\$16,800 (May apply up to HK\$11,200 subsidy)

*Maximum saving, with the final grant subjects to approval.

The ISO/IEC 27005 Lead Risk Manager training course provides an information security risk management framework based on ISO/IEC 27005 guidelines, which also supports the concepts of ISO/IEC 27001.

The training course also provides participants with a thorough understanding of other best risk management frameworks and methodologies, such as OCTAVE, EBIOS, MEHARI, CRAMM, NIST, and Harmonized TRA.

The PECB ISO/IEC 27005 Lead Risk Manager certificate demonstrates the individual has acquired the necessary skills and knowledge to successfully perform the processes needed for an effective information and security risk management program. It also proves that the individual is able to assist organizations in maintaining continually improving their information security risk management program.

Course fee	HK\$16,800 per person
Remarks	The application deadline is 3 July 2023. Late submission will NOT be considered.

What is ISO/IEC 27005 ?

ISO/IEC 27005 provides guidelines for the establishment of a systematic approach to Information Security risk management which is necessary to identify organizational needs regarding information security requirements and to create an effective information security management system. Moreover, this international standard supports ISO/IEC 27001 concepts and is designed to assist an efficient implementation of information security based on a risk management approach.

This course is subject to approval under the Reindustrialisation and Technology Training Programme (RTTP) with up to 2/3 course fee reimbursement upon successful applications. For details: <https://rttp.vtc.edu.hk>.
