

# PLAY 4 PERFORMANCE THINKING IN AND OUT OF THE BOX

“Think Out of The Box” –you hear all the time but no one ever tells you what The Box is. The Box represents the boundaries of your thinking. The better you understand these boundaries, the better you can think beyond them.

**Outside of the box represents your public self;  
Inside of the box represents your inner thinking**

That is how we make use of The Box:

Illustrate the various boundaries of our thinking and map them to a physical box.

BOX ON / BOX OFF

## Box application:

- Coaching & mentoring
- Cross-functional collaboration
- Diversity & inclusion
- & more!

✓ **The leadership box: the box provides a clear model for improving empathy, communication, coaching, creativity, & mindset change.**
