The development of Artificial Intelligence (AI) has reached an explosive critical point, where it's so powerful that it threatens to replace human being in the labour market. OpenAI's latest AI ChatGPT and Dall-E is capable of making legal contracts, medical diagnosis, business copywriting, customer service, story writing, or even academic papers, computer programs that invade computers, art generation, just to name a few. In fact, ChatGPT is a set of "text generation" technology, letting AI make judgments through the text you input, and produce corresponding responses. As ChatGPT becomes more mature, the search engine giant Google may be subversively affected too, and it is bound to affect the global entrepreneurial environment.

In this hands-on master course, you will learn how to harness the power of ChatGPT and Dall-E, a cutting-edge AI tool, to produce high-quality content for various occasions. Whatever industry you're from, these new technologies will bring impacts that you've never imagined.

Upon completion of the course, you will have a fundamental understanding of how to use ChatGPT and Dall-E to produce high-quality content for business, automating your workload and saving you time and effort.

Programme Code	10014258-06
Date & Time	26 , 27 February 2024
Venue	HKPC Building, 78 Tat Chee Avenue, Kowloon Tong
Medium	Cantonese
Course fee	HK\$2,400 <i>(Group discount will be offered to enrolment of 2 people or above, please contact us for details)</i>

### Course Highlight

- One of the very few local courses conducted in Cantonese
- Live ChatGPT & Dall-E demo and hands-on activities
- Taught by industry veteran with 20 years of IT experience

## Course Outline

Session	Agenda
<p>Session 1-2 (6 hrs)</p> <p><b>Artificial Intelligence, ChatGPT &amp; Dall-E</b></p>	<ul style="list-style-type: none"> <li>• Introduction to Artificial Intelligence: definition, history, current state, and future outlook</li> <li>• What is AI, ChatGPT &amp; Dall-E?</li> <li>• Artificial Intelligence vs Human Intelligence - complimentary or competing?</li> <li>• Technologies enabling AI, ChatGPT &amp; Dall-E</li> <li>• Limitations &amp; opportunities</li> <li>• Influence brought by ChatGPT &amp; Dall-E</li> <li>• How to make use of ChatGPT in your business?</li> <li>• Ethic and legal issues</li> <li>• <i>Hands-on activity: Download &amp; interact with ChatGPT (eg. research, art creation, translation, report writing, creative work, etc)</i></li> </ul>
